COMPLAINT:

01 Service Call / Trip Time header latch pins wont come out enough to unhook header

CORRECTION:

No time or travel as already on site.

Inspect header latch pins.

Right side appears ok, left side appears to be hanging up.

Blow dirt and debris from latching mechanism.

Had to dig some hardened dirt from the left pin bore.

Noticed that the left pin was slightly bent.

Straighten pin in the bore.

Lube and check operation, good.

Replaced shear bolt and installed extras into MC.

All appears good.

Clean up work area.

Pull truck from shed and close up doors.
